Mr. Hendrickson, Mr. Harney, Mr. Rasmussen, Mr. Peden and Ms. Jackson in favor. Mr. Blaisdell opposed. Motion approved.

Discussion:

The board discussed what decoupling means and reiterated it means an applicant may go straight to NCEES to take an exam without meeting the state's experience requirement first.

Ms. Lagerberg stated conflicts between the Board's laws and rules and decoupling, such as the requirement in RCW 18.43 to show 8 years of experience prior to taking the exam. Ms. Cramer explained the Board considers applicants for an initial license who've taken exams in other jurisdictions. Ms. Lagerberg recommended rulemaking changes as soon as possible to avoid any conflicts with RCW and WAC.

Mr. Blaisdell added that the Survey Committee hadn't decided to decouple the PLS exam. Mr. Harney asked for clarification of the Board's expectations for EQC's review of PLS and SE. The committee will look at PLS examinees sitting for the exam in other jurisdictions and then applying for a license in Washington; language changes to PE and PLS exam requirements are consistent, and that recommendations from EQC will go directly to the board for approval. Ms. Lund concluded, if the committee is confused about intent to please reach out to her.

5.3. Attestation for PE & SE applications concerning applicants' knowledge of the Washington building codes *(from SE)*
