

## BRPELS/DNR DISCUSSION

MARCH 23, 2023

10:00 a.m.

BRPELS Conference Room

605 11<sup>th</sup> Ave SE, STE 201, Olympia, WA, 98501

OR

Microsoft Teams (virtual)

**Board Members:** James Wengler, BOARD MEMBER  
Aaron Blaisdell, BOARD MEMBER  
Marjorie Lund, BOARD MEMBER

**Board Staff:** Rich Larson, BRPELS  
Shanan Gillespie, BRPELS  
Jill Short, BRPELS  
Greg Schieferstein, BRPELS  
Vonna Cramer, BRPELS  
Mackenzie Wherrett, BRPELS  
Ken Fuller, BRPELS  
Elizabeth Lagerberg, AAG

**DNR:** Pat Beehler, DNR  
David Icenhower, DNR

### Discussion topics

- **Discussion of WAC 332-130-110 Reporting Requirements To discuss possible amendments**

Mr. Wengler opened discussion about possible ways to make changes so we could come up with a timeline or possible way to make PLS's keep their field notes/ printable electronic meta data (WAC 332-130-080) so BOARD investigators and Case Managers could check traverse closures (WAC -332-130-090). It has been determined that there is no RCW or WAC to require a PLS to keep this information after the survey is recorded. Even though most surveyors make a statement on their maps that this has been done, we are finding out in our investigations very few do so. There was much discussion on the topic and Mr. Wengler offered to draft up some language and give a sketch on how he does it. DNR agreed to review his example.

The group discussed if it is necessary to require a record of survey per WAC 332-130-110 in the final reporting requirements for the "Destruction and Replacement of a Monument Permit". DNR offered to do more research on the subject and report back at a later Survey Committee Meeting.

- **Review WAC 196-29 Professional Practices to discuss Possible Amendments**

Mr. Blaisdell and Mr. Wengler brought up a short discussion on who could monument boundary lines when each end point has been set by a PLS. It was determined that this issue would be brought up at a later date.

DNR also agreed to do more research on this issue.
